

FLAGSHIP SOLUTION

Virtual Internet

Bond multiple ISP connections into a single high-speed virtual link. Aggregated bandwidth, seamless failover, and unbreakable enterprise connectivity.

KEY FEATURES

Multi-ISP Bonding
Combine 2+ ISPs into one virtual link

Aggregated Bandwidth
Combined speed of all ISPs at once

QoS & Traffic Shaping
Prioritize critical apps intelligently

Zero-Downtime Failover
Instant switching when any ISP fails

Session Persistence
No dropped connections during failover

No Vendor Lock-In
Works with any ISP in India

IDEAL FOR

- Banking
- Hospitals
- Manufacturing
- Government
- IT Companies
- Retail
- Hotels
- Education
